Affection, attraction, infatuation, or fondness is a "disposition or state of mind or body" that is often associated with a feeling or type of love. It has given rise to a number of branches of philosophy and psychology concerning emotion, disease, influence, and state of being. "Affection" is popularly used to denote a feeling or type of love, amounting to more than goodwill or friendship.

Love encompasses a range of strong and positive emotional and mental states, from the most sublime virtue or good habit, the deepest interpersonal affection and to the simplest pleasure. An example of this range of meanings is that the love of a mother differs from the love of a spouse, which differs from the love of food. Most commonly, love refers to a feeling of strong attraction and ...

The most read New York Times article from 2016 had nothing to do with politics, culture wars, or comic book movies. Instead, the most-read article of 2016 was all about commitment. The piece, titled "Why You Will Marry the Wrong Person," was written by Alain de Botton. In it, de Botton takes shots at our culture's idea that the ultimate foundation for commitment in marriage is romantic ...
