Vs2010 Solution Explorer Collapse All

I know that I can use Arrow Keys to collapse items of solution explorer one by one, but I would like to know if there is a way to collapse all items with only one operation. I want to know it because, today I have a solution with 6 projects that have at least two hundred files and if I try to collapse them one-by-one I will have a hard time.

.net - Visual Studio: Is there a way to collapse all items ...

5 Answers. Then press your left arrow key as many times as it takes to get to the solution, and with another left, it'll collapse the whole tree. I jsut tested VS2008, and you can also press HOME, to get to the top of the tree. If what you want, is the solution open, and all the project files closed, then

visual studio - Collapse projects in Solution Explorer ...

Collapse all Solution Explorer items in Visual Studio 2010 Ever wanted to be able to collapse all items within Visual Studio's solution window? This is a nifty little Visual Studio macro that I came across a few years ago and have been using successfully in Visual Studio 2005, Visual Studio 2008 and now in the Visual Studio 2010 RC.

Collapse all Solution Explorer items in Visual Studio 2010 ...

Collapse All Folders in VS Solution Explorer. The original code for this macro came from the article CollapseAll Macro for Visual Studio .NET found on The Code Project. I made modifications to the code so it would collapse all the folders in a project, not just the root project folder. It isn't super fast for large solutions / projects but it works.

Collapse All Folders in VS Solution Explorer - kylefinley.net

Simply select the node or nodes you would like to recursively collapse and press the button on the Solution Explorer toolbar or use the keyboard shortcut `Ctrl + Alt + Num(-)` (Num(-) is the "-" key on the numeric keypad). Select the solution node to recursively collapse all nodes in the Solution Explorer.

Collapse Selection In Solution Explorer - Visual Studio ...

In VS2010, the Solution Navigator provides a Collapse All feature (as shown above), enabling you to collapse all projects within a solution. Unfortunately, the collapsed projects do not stay collapsed when you move over to the Solution Explorer view. This...[Read more VS 2010 Solution Explorer-Collapse Solution](#) >

Or you mean that "Collapse All" option in solution explorer like the following screen shot. If I misunderstood this issue, please make free feel to let me know, but if it worked well in other VS machine, maybe you could reset VS settings, or import another VS's settings file to your Surface VS, check it again.

CSS Expand and Collapse in Solution Explorer

For Visual Studio 2012, use Collapse and Sync - [/vsgallery/291836cc-febe-44ad-86b0-b745485110e7](#). Adds three buttons to solution explorer. Select current item ; Collapse all ; Collapse all except current item ; Note: Make sure you turn off "Track Active Item in Solution Explorer" (Options -> Projects and solutions)

Solution Explorer Tools - Visual Studio Marketplace

Expand/collapse projects inside a solution/solution folder. There are ways to provide yourself such an action by creating a macro. I'd like Visual Studio to provide this as an action, or better yet - provide an option that will change the default behavior of Visual Studio to instead, on the first time a solution is opened, to pre-collapse all the nodes in Solution Explorer.

Expand/collapse projects inside a solution/solution folder ...

We have received much feedback asking for a feature that would recursively collapse nodes in the

solution explorer. We are happy to announce the Collapse Selection in Solution Explorer extension! What is the Collapse Selection in Solution Explorer extension? Many Visual Studio users have a solution tree structure with multiple projects and solution folders that are organized as a deep hierarchy.

Announcing: Collapse Selection in Solution Explorer ...
