Jazz is a music genre that originated in the African-American communities of New Orleans, United States. It originated in the late 19th and early 20th centuries, and developed from roots in blues and ragtime. Jazz is seen by many as "America's classical music". Since the 1920s Jazz Age, jazz has become recognized as a major form of musical expression. It then emerged in the form of independent ...

Hearing jazz in the club environment for the first time is an experience few ever forget. Indeed, hearing the music live for the first time versus listening to recordings is such a different experience that some who have not been able to connect with jazz on record or radio have often become converts on hearing it live.
