Overall: I have used many CRM's in my days, and I always recommend VinSolutions! It is so easy to use and User friendly! If you're a slow learner, their support is hands down A-1! from the phone support, to the online video support, to the classes they offer around the country! They follow-up as well!

Complete Dealership Reviews and Pricing - 2019

The website support department is very micromanaged and more so a customer service/call center job than a Web job. The application process is comprised of a graphics test and Web coding test. But you are mainly judged by how well you do on the phones with clients. The company as a whole is nice, but the email Web support department is like a ...
