Have been using Evaporust during the restoration I'm working on and noticed that it seems to effect "cast iron", if you leave the part soaking in for at least 2 days. The rust comes off as advertised, but it seems that it takes pristine iron down with it. Surfaces that were rust free and machined ...

A use case is a sequence of actions that provide a measurable value to an actor. Another way to look at it is a use case describes a way in which a real-world actor interacts with the system.

System Use Cases: An Agile Introduction

One of the more controversial concepts in Agile Modeling is that agile models and agile documents are sufficient for the task at hand, or as I like to say they are just barely good enough (JBGE) . In this article I make the following critical points about a model or document (an artifact) being just barely good enough:

Just Barely Good Enough Models and Documents: An Agile ...
