Throughout most of 1952 UFO sightings were seemingly taking over the United States. So much so, that Project Blue Book was set up to monitor them. However, within only six months, not only was America in the midst of a UFO wave, but privately those behind the scenes were expecting a "big" UFO incident on the east coast of the United States as a result of their data.

History. The word epiphany originally referred to insight through the divine. Today, this concept is more often used without such connotations, but a popular implication remains that the epiphany is supernatural, as the discovery seems to come suddenly from the outside.. The word's secular usage may owe much of its popularity to Irish novelist James Joyce.
