2. Determine the scope. The next step in writing the change management plan is determining who the change will affect. Also determine what the change will impact, including policies, processes, job roles, and organizational structure.

### **Expert Guide to Writing a Change Management Plan | Smartsheet**

Writing systems are distinguished from other possible symbolic communication systems in that a writing system is always associated with at least one spoken language. In contrast, visual representations such as drawings, paintings, and non-verbal items on maps, such as contour lines, are not language-related.

A chronological resume, which lists experience from most recent to eldest, may be the most commonly used resume format, but that doesn't mean it's the only option out there. A functional resume is often the best choice for someone switching careers since it puts the focus squarely on your skills and experience (rather than where you worked, and when).
