How to Stop Humans From Filling the World With Trash. The average American produces about 130 pounds of trash a month, and an article in the journal Nature estimates that global solid-waste generation will triple, to 11 million tons a day, by 2100. Meanwhile, we're running out of space for landfills, especially in Japan and Europe.

How to Stop Humans From Filling the World With Trash

Pragmatic's first customer required an extremely high level of security using advanced encryption techniques. Pragmatic's Leverage was created, and led to the crystallization of security and privacy for a big data environment. It's this same secure yet modular environment that supports and protects all of Pragmatic's Technology Solutions.
