Forensic Science A to Z Challenge (PDF) - Students must use clues to identify forensic science terms and then find them in a "bent word" style word search. They use the letters that remain in the puzzle to figure out a mystery word. Memory Match Game (PDF) - This game challenges a student's ability to remember what they've seen as they examine cards with a variety of patterns on them.

Blood is the "river of life" that surges within us. It transports everything that must be carried from one place to another within the body- nutrients, wastes (headed for elimination from the body) and body heat through blood vessels. Long before modern medicine, blood was viewed as magical, because when it drained from the body, life departed as well.
