The IA5824 isn't an answering machine. Please refer to the documentation for whatever answering machine or voicemail system you have on your phone line. If you require further assistance, add a comment to this question and identify the answering machine or voicemail system.

### **How to reset answering machine code for the vtech ... - Fixya**

The easiest way to gain access into an answering machine is to use it's preset access code. This is the access code set at default by the vendor on the given device. The best thing about this is that most users don't bother to change the access code to their device, if they even know that they have such a feature.
