I am thinking of replacing my old central air with a new one. I checked with Consumer's Report and Rudd/Rheem were shown as the one with the least repair incidents, then Trane. I went to a website to see reviews and each manufacturer had more negatives than positive. I would like to know from those who have had these brands within the past five years what their experience has been.

Certifications: The cleaning company should be certified by the National Air Duct Cleaners Association (NADCA), which sets standards for HVAC system cleaning. The EPA does not certify duct cleaners, so avoid anyone making that claim. Check for relevant licenses and insurance - some states require a license for duct cleaning while others don't.
