3. Three people who work full time are to work together on a project, but their total time on the project is to be equivalent to that of only one person working full time.

Mathematics Sample Test - Bunker Hill Community College

HBD Chick once discussed this study. What I find interesting (besides the over all correlation) is the overall pattern. Note that the high-scorers cluster towards the northern part of the country while the low-scorers generally cluster closer to the south. Some of that is due to greater diversity in the southern part of the country, but it's not just that.
