Windows 8 is a personal computer operating system that was produced by Microsoft as part of the Windows NT family of operating systems. The operating system was released to manufacturing on August 1, 2012, with general availability on October 26, 2012.. Windows 8 introduced major changes to the operating system's platform and user interface to improve its user experience on tablets, where ...

Windows 8 - Wikipedia

Windows 8 features a redesigned user interface built upon the Metro design language, with optimizations for touchscreens.. Metro-style apps can either run in a full-screen environment, or be snapped to the side of a screen alongside another app or the desktop; snapping requires a screen resolution of 1366x768 or higher. Windows 8.1 lowers the snapping requirement to a screen resolution of ...
