When Money Dies The Nightmare

When Money Dies is the classic history of what happens when a nation's currency depreciates beyond recovery. In 1923, with its currency effectively worthless (the exchange rate in December of that year was one dollar to 4,200,000,000,000 marks), the German republic was all but reduced to a barter economy.

When Money Dies: The Nightmare of Deficit Spending ...

economic study. Yet inflation is about money as well as people, and it would be impossible to tell the tale without introducing figures, sometimes vast figures, again and again. Vast figures were what the people of central Europe were assailed by and bludgeoned with for years on end until they could bear no more.
