### **Where the Conflict Really Lies - Alvin Plantinga - Oxford ...**

Where the Conflict Really Lies: Science, Religion, and Naturalism. Here the argument returns to the question of whether it is possible to find a route through biological possibility space between primitive structures, such as a light-sensitive spot, and complex structures, such as the human eye.

### **Where the Conflict Really Lies: Science, Religion, and ...**

Where the Conflict Really Lies Science, Religion, and Naturalism Alvin Plantinga. Preface. p ix "My overall claim in this book: there is superficial conflict but deep concord between science and theistic religion, but superficial concord and deep conflict between science and naturalism." p ix Characterized naturalism as a "quasi-religion" because of some of the positions it takes beyond what ...

### **Where the Conflict Really Lies, Alvin Plantinga**

"Where the Conflict Really Lies" was a challenging but rewarding read. The fact, that Plantinga grants, for the sake of argument, the essentials of evolutionary theory and demonstrates how theologically there is not any necessary conflict between it and the Christian worldview, really helps to frame the reader's understanding of how to respond ...

### **Book Review: Where the Conflict Really Lies**

On "Where the Conflict Really Lies" (Pt. 6) [Series explanation and index here.] Chapter Three "No Miracles" Zone. Shifting away from the discussion of evolution, Plantinga next addresses claims that modern people can't go around thinking it's possible for a supernatural God to act in the natural world (how quaint!). I wasn't satisfied with ...

### **On "Where the Conflict Really Lies" (Pt. 6) - blogspot.com**

Where the Conflict Really Lies contains so much careful analysis, and covers so many different topics, that a complete review is almost impossible. Over the next few weeks, however, I'd like to reflect on and engage several of Plantinga's arguments here at ENV.

### **Where the Conflict Really Lies: Science, Religion, and ...**

Where the Conflict Really Lies: Science, Religion, and Naturalism is Alvin Plantinga's popular-level challenge to the idea that science and religion are in conflict. At least, that's the defensive portion of the book. He goes on to argue that the real conflict is between science and an irreligious worldview.
