- Good critical thinking processes don't just look at causes, they look at consequences as well. A great tool for thinking through the consequences of an action is the 7 So What's. The 7 So What's force you to go from an early answer to think through all the possible implications and future consequences of your action. Let me offer an example. Let's say we have a situation where we're going to ...

Growing up in the 80's in a small town on the east coast of Australia, we didn't always have access to big chain restaurants. The fish and chip shop around the corner, and the local Chinese take out who's suspect "chicken special" always coincided with missing cats in the neighborhood, were all that was really available to us.
