Without your brain, you wouldn't feel pain or pleasure, even if you were touched in a way or in a place which many people find pleasurable. The brain is primarily responsible for orgasm: during sexual pleasure, all the nerve endings of your body (including your genitals, all linked to your nervous system) are in concert and communication with your brain, and vice-versa.

Objection 1. It seems that God is a body. For a body is that which has the three dimensions. But Holy Scripture attributes the three dimensions to God, for it is written: "He is higher than Heaven, and what wilt thou do? He is deeper than Hell, and how wilt thou know? The measure of Him is longer than the earth and broader than the sea" (). Therefore God is a body.

Recovery from an eating disorder can take months, even years. Slips, backslides, and relapse tend to be the rule, rather than the exception. Re-learning normal eating habits and coping skills can take a long period of time and often requires lots of support from professionals, friends, and family. Moving forward is key, however slow it might be.
