Step 2: Cut the Major Pieces Using the measurements you've just decided upon, cut the Sled Base and the Miter Fence. Take your time and do the best you can to make the Sled Base square and the faces of the Miter Fence straight. The better you do, the more accurate your results will be. Step 3: Setup the Layout Place the Sled Base on the Table Saw top with its long edge at the front edge of the ...

Once you are done just place the caps back on their place and viola your 3×3 now works by your preferences! But on a side note, not all cubes will need adjusting since sometimes it happens that you like it just the way it is after it breaks in and this goes especially if you are a beginner because you will start tinkering around your cube(s) only after you get hooked to the hobby.
