When to call. If your sewer is backed up or slow to drain, your first call should be to the natural gas utility serving the area. Why? There is a possibility that a natural gas pipe could have been inadvertently installed through your sewer pipe and the mechanical equipment used to unclog sewer pipes can penetrate the natural gas pipe and lead to the dangerous release of natural gas.

"After we were clear of the river Oceanus, and had got out into the open sea, we went on till we reached the Aeaean island where there is dawn and sunrise as in other places. We then drew our ship on to the sands and got out of her on to the shore, where we went to sleep and waited till day should break. "Then, when the child of morning, rosy-fingered Dawn, appeared, I sent some men to Circe's ...
