Kink alert! Willing Victim is definitely not a book for everyone, but if you're interested in a gritty, kinky book with a heart, it's a great read. I was excited to hear that Cara McKenna had regained the publishing rights to some of her older books and would be releasing re-vamped eBooks of each. Willing Victim is the first up so I knew it was time for another read of this novella.

### **Willing Victim: Remastered by Cara McKenna - All About Romance**

Willing Victim: Remastered Excellent little book (only 119 pages), if I do say so myself! Usually I don't get enough from a short story to emotionally connect with the characters, but this one had me riveted. Not because of any action or suspense, but simply because the dynamic between the two main characters captured me.

A friend recommended I explore the writing of Ms. McKenna and I'm so glad I did. Laurel and Flynn are complex, likable characters. With each scene, we learn a little bit more about what makes them tick and why they just might be perfect for each other. Willing Victim is an example of what I often describe as intelligent kink.
