In 1886, Gaston Maspero, the head of the Egyptian Antiquities Service, was doing like he do -- just taking mummies out of their sarcophagi, unwrapping them, dictating all kinds of boring notes -- when he came across an unusually plain burial box. Unlike the kings and queens he'd been working with for most of his career, this particular box didn't give any information as to the identity of the ...

8 They Were Expensive. Because of their elaborate armor, weapons, and powerful horses, knights were incredibly expensive. The equipment of an English knight, by one figure, was worth about 32 Anglo-Saxon pounds by the mid-13th century, about 10 years' worth of wages for an archer. By contrast, an archer could be fully equipped for about 4 percent of that cost.
