Population growth is the great problem of Bangladesh like every developing country. Here we describe reasons of population growth in Bangladesh, problems which arise for population growth and the solution of this problem.

### **Population Growth in Bangladesh: reasons, problems and ...**

Concern about overpopulation is an ancient topic. Tertullian was a resident of the city of Carthage in the second century CE, when the population of the world was about 190 million (only 3-4% of what it is today). He notably said: "What most frequently meets our view (and occasions complaint) is our teeming population.

### **Human overpopulation - Wikipedia**

This blog page provides several types of graphs that demonstrate the explosive growth of the human population of Mother Earth. The growth is even 'more than exponential'. The profile of the human population curve is mirrored in the curves of energy consumption, energy costs, ocean pollution, temperature rise, and many other effects related to human population growth.

### **World Population Growth Charts --- MORE Than Exponential**

How Many People Can Our World Support? No species has altered the Earth's natural landscape the way humans have. Our impact is so extensive that we are crossing into a new geologic epoch – the Anthropocene – propelled by human behavior. Global climate change, mass extinction, and overexploitation of our global commons are all examples [...]
