It has been 20 years since two seminal publications about ecosystem services came out: an edited book by Gretchen Daily and an article in Nature by a group of ecologists and economists on the value of the world's ecosystem services. Both of these have been very highly cited and kicked off an explosion of research, policy, and applications of the idea, including the establishment of this journal.

The most commonly asked question nowadays is 'how much does it cost to build a house? ' The answer to that of course is, 'for what exactly?' Anyone considering a self-build or renovation/extension project will want to be able to refer to a reasonably accurate price per square meter (sqm) or square foot (sqft).
