When Languages Die The Extinction

This is a list of extinct languages sorted by their time of extinction. When the exact time of death of the last remaining speaker is not known, either an approximate time or the date when the language was last being recorded is given.

List of languages by time of extinction - Wikipedia

An extinct language is a language that no longer has any speakers, especially if the language has no living descendants. In contrast, a dead language is "one that is no longer the native language of any community", even if it is still in use, like Latin. Languages that currently have living native speakers are sometimes called modern languages to contrast them with dead languages, especially ...

Extinct language - Wikipedia
