[M]ay all mothers, who would so be shocked, be dom'd! As if mothers were such sort of logicians as to infer the future hanging of their child from the theoretical hangibility . . . of every infant. . . . [M]y whole heart is faint, and my whole head is sick (how is it?) at this damned, canting unmasculine unbawdy (I had almost said) age! —Charles Lamb, Letter 474 (1829; emphasis added)

*Frankenstein: Birthing the New Female Gothic* *Frankenstein* represents an entirely new vision of the Female Gothic. And while Mary Shelley's story certainly has implications for a multitude of literary thematics (religion, science, colonialism, and myth, just to name a few), the horrific depiction of the monster's creation suggests a link to the most feminine of activities: childbirth.

Death, funerals and burials were important to the belief system of Aboriginal people. In the Sydney region, there were two main ways of disposing of the dead: burial, or cremation followed by burial. Observations by David Collins suggest that the method of disposal was indicative of the deceased's age or status, with cremation being accorded to people beyond middle age.
