What Has Nature Ever Done

What Has Nature Ever Done for Us by Tony Juniper. This is a book recommended by The Economist. At least, I got it from them, as a thank you gift for completing a survey. I had some issues with that, but to maintain focus on the book, it had some interesting material, even if I did not give it all my attention.

What Has Nature Ever Done for Us? - goodreads.com

What Has Nature Ever Done for Us? by Tony Juniper – review. The solution is to see nature for what it really is: a controller of disease, a recycler of waste, and a mighty carbon capture and storage system. If we get that message, we might yet save ourselves.
