The specifics of wilderness survival change a lot depending on what part of the world you're trapped in. Knowing how to treat hypothermia is about as useful as a bag of malaria for a castaway in the tropics, but it's the difference between life and death when you get locked in the meat cooler at work again.

fantasy-writing:. I think it's very important to avoid pretentious style in your writing without restricting yourself to utter simplicity. It can be hard, but the onus is on you to find a happy medium between complexity and flowing readability, too complex and overly wordy and you will sound pretentious, too simple and your prose will be limited in it's vividity.
