Compassion motivates people to go out of their way to help the physical, mental, or emotional pains of another and themselves. Compassion is often regarded as having sensitivity, an emotional aspect to suffering, though when based on cerebral notions such as fairness, justice, and interdependence, it may be considered rational in nature and its application understood as an activity also based ...

In the Yoga Sutra, Patanjali delineated the eight limbs of yoga. These precepts are intended as guidelines to living a life with meaning and purpose. The niyamas are the second limb: experiences or states wherein the actions we have performed then create situations in our lives that we can observe and contemplate. In other words, they are personal observances.
