"Obey the principles without being bound by them." – Bruce Lee. The goal of the following principles isn't to give you a set of training rules that you must follow, but to provide you with guidelines that I've found to produce consistent and predictable results.. It's important that these principles be used as one cohesive unit, so don't implement some while ignoring others – they go together.

One theory for how to improve schools begins not with teachers in the classroom but with the principals who hire and oversee them. To that end, the Wallace Foundation spent \$85 million on a five-year project to improve school principals in six cities and large urban counties, from New York to Denver, beginning in 2011.
