Signs and Symptoms of Toddler Teething. Your toddler may experience ear pain or a minor temperature while their two-year molars erupt; they also may struggle to sleep through the night. The key to determining what can be attributed to their two-year molar versus another illness is longevity. If the symptoms are consistent over three to five days,...

## **Toddler Teething: What to Expect - Nurture Life**

In many toddler care programs, the individualized care you came to expect in the infant room will continue in the toddler classroom. The ratios of adults to children and the group size, however, may be larger in the toddler room especially as children become a little more independent and learn to do more for themselves.
