The terms First World, Second World, and Third World were originally used to divide the world's nations into three categories. The model did not emerge to its end state all at once. The complete overthrow of the pre-World War II status quo, known as the Cold War, left two superpowers (the United States and the Soviet Union) vying for ultimate global supremacy.

International Conference on Intellectual Property and Development. Register now to join panelists from across the globe in sharing national, regional and international experiences on issues of IP and development and strategize on how to maximize the IP system's benefits.

### **WIPO - World Intellectual Property Organization**

Different people have tried to classify countries into different groups. This is usually done either by looking at how rich people are, on average, in different countries, or how well-developed the political system is. Most of the time there are two groups, namely developing countries and developed ones. Sometimes there are three groups, in which case the third group is between developing and ...

The youth bulge is a common phenomenon in many developing countries, and in particular, in the least developed countries. It is often due to a stage of development where a country achieves success in reducing infant mortality but mothers still have a high fertility rate. The result is that a large share of the population is comprised of children and young adults, and today's
