Feminism and Race in the United States. This article traces the history of U.S. mainstream feminist thought from an essentialist notion of womanhood based on the normative model of middle-class white women's experiences, to a recognition that women are, in fact, quite diverse and see themselves differently.

Finding the Truth behind the American Hologram. ML: Many mainstream scientists feel that to “work within” the system, they have to use language that politicians and economists can understand in order to maintain credibility, i.e. the “value of ecosystem services”. Attempting to place a monetary value on every aspect of nature while externalizing the environmental cost of pollution is a ...
