I got the megafauna mod and I've never really bothered with taming the non-farm animals and certainly not the more dangerous ones. I've currently got a smilodon in a mini cage and I'm sneaking in at night to leave food for it so it doesn't hunt my colonist while she tries to tame it.

### **How do you guys go about taming dangerous animals?**

If you answer yes to any of the above then you are in luck. I will help you tame your snake ☺☺ For the snake owner and enthusiast, this is a question that will be asked. Especially when taking them directly out of the wild. Taking snakes directly out of their natural habitat can be very dangerous.
