In an article in the online journal BMJ Quality and Safety, several Johns Hopkins Hospital doctors contend that the practice of withholding patients' food for eight hours prior to surgery is unnecessary and potentially dangerous. Even worse, in some cases, patients may have to wait days before hospitals allow them to eat in case they need to be anesthetized for surgery.

10 Ways A Hospital Stay Can Make Us Sicker - Listverse

As to the malfunction that caused the emergency in Vegas, it's hard to know exactly what went wrong, but it appears that an uncontained engine failure touched off a fire. In other words, the left engine's fan, compressors or turbines came apart.

Deadly Stupidity: What NOT To Do in an Emergency

Best ever potato recipe! If you are yet to experience the joys of crispy smashed potatoes, and my first experience was only 3 years ago when I was introduced to them by Claire from Sprinkles and Sprouts, a fellow Australian food blogger, these are going to change your potato game forever.. These taste like buttery french fries, albeit they are look completely different.
