This should be an example on how to write an e-book! I cannot say enough good things about this book. I have been wanting to get better at photography for awhile, but was kind of hopping around between online tutorials and tips here and there, and didn't feel I was making a lot of progress.

American Gods is Neil Gaiman's best and most ambitious novel yet, a scary, strange, and hallucinogenic road-trip story wrapped around a deep examination of the American spirit. Gaiman tackles everything from the onslaught of the information age to the meaning of death, but he doesn't sacrifice the razor-sharp plotting and narrative style he's been delivering since his Sandman days.
