Susan Griffin - Wikipedia

"Woman and Nature is about memory and mutilation, female anger as power, female presence as transforming force... Griffin has collected here the most apparently disparate materials [from lumbering manuals to poetry to gynecology texts] into an extraordinary collage which, for all the research and hard intellectual work underlying it, becomes an intense physical experience."
—Adrienne ...

Woman and Nature Quotes. Her body is a record of her past. As she moves back and forth, one may see it all: the lean frame, the muscular legs, the paw enclosing long sharp claws, the astonishing speed of her response. She was born in this garden. She has never in her life stretched those legs. Never darted farther than twenty yards at a time.
