This emphasis on the environmental causes of obesity leads to certain conclusions: first that the treatment for obesity is unlikely to succeed if we deal only with the child and not with the child's prevailing environment, and second that the prevention of obesity – short of genetically engineering each child to resist weight gain – will require a broad-based, public health programme.

Obesity in children and young people: a crisis in public ...

Enrollment. Individuals employed in a credit-related position or aspiring to a career in credit are encouraged to enroll in the program. Recognizing that many organizations seek to hire CCP graduates or students for credit positions, the Credit Institute allows enrollment in its certification program even before obtaining related employment.

Individuals who usually work in computer programming recognize the terms “coding” and “programming” as synonymous because both are often used interchangeably. You can find several forums brainstorming about the differences between the two and this is where the line gets a little blurry. The ...

Difference between Coding and Programming

1. In textbooks (e.g. Horngren et al., 2002, Atkinson et al., 2004) ‘transfer pricing’ is commonly understood as the price that a company charges for a product, service, loan and the use of intangibles to a related organisation, including a division, subsidiary, affiliate or a joint venture. It acts as a device for the allocation of costs, income, revenues and profits to various subunits.
