TED Talk Subtitles and Transcript: "Architecture is not about math or zoning -- it's about visceral emotions," says Marc Kushner. In a sweeping — often funny — talk, he zooms through the past thirty years of architecture to show how the public, once disconnected, have become an essential part of the design process. With the help of social media, feedback reaches architects years before a ...

Restaurants & catering While public eateries existed in Ancient Rome and Sung Dynasty China, restaurants (we know them today), are generally credited to 18th century France. The genesis is quite interesting and not at all what most people expect. Did you know the word restaurant is derived from the French word restaurer which means to restore? The first French restaurants [pre-revolution] were ...
