"A singular man of ascetic faith" Wittgenstein was a very singular man, and I doubt whether his disciples knew what manner of man he was. (Bertrand Russell []) Wittgenstein worked as a gardener's assistant at a Benedictine monastery near Vienna after he left school teaching, and, according to von Wright, he more than once considered becoming a monk [].

In their later acceptance (beginning with the Philosophical Investigations), Wittgenstein's language games established some notions that have extremely important implications for the theory of signs, in that they cover the entire range of semiotic practices. The language games can be understood as the shared conceptual parameters that make it possible to identify and produce signs, and to ...

Introduction. Most people find it easier to learn focusing through individual instruction than through simply reading about it. The actual process of focusing, experienced from the inside, is fluid and open, allowing great room for individual differences and ways of working.

## **An Introduction to Focusing: Six Steps**

Philosophy of language, philosophical investigation of the nature of language; the relations between language, language users, and the world; and the concepts with which language is described and analyzed, both in everyday speech and in scientific linguistic studies. Because its investigations are conceptual rather than empirical, the philosophy of language is distinct from linguistics, though ...

Gilbert Ryle was best known for his criticism of what he called the "Official Doctrine" of "Cartesian Dualism" as a theory of mind. He thought René Descartes had naturalized the theological idea of a soul as a separate non-material substance called "mind." The mind-body problem asks how a non-material mental substance can causally influence the material body.
