Definitions of "Science Fiction" And what do we even mean by "science fiction" anyway? In one sense, the first article to define the field was published over 150 years ago, before the field was widely acknowledged to exist: New Species of Literature "We learn that Mr. R. A. Locke, the ingenious author of the late 'Moon Story' or 'Astronomical Hoax,' is putting on the stocks the frame of a new ...

Polygamy, or plural marriage, in the Church of Jesus Christ of Latter Day Saints is generally believed to have originated with the founder of Mormonism, Joseph Smith. According to several of his associates, Smith taught that polygamy was a divine commandment and practiced it personally, by some accounts marrying more than 30 women, some of whom had existing marriages to other men.

Understanding Email Addresses To be able to start looking for someone's address, you need to understand how email addresses are composed. In general, email addresses have two parts: your email name (also called user name or email ID) and your email domain, separated by an @: emailName@emailDomain.. Domains are unique identifiers for the organization that manages the email accounts.
