All arguments on whether or not palm oil is good for you or not are irrelevant when we know that they are VERY unhealthy for the planet. The slash and burn policy associated with the farming of palm oil is destroying large areas of the planet and killing people with the resulting haze not only in places like Indonesia where the slash and burn policy is rampant, but in all the counties nearby.

Palm Oil: maybe not such a good idea after all - Human ...

Little known to the public at large. Little understood by the health community. Omnipresent in our conventional food culture. Proven to be at least mildly detrimental for everyone and downright destructive for the more sensitive (and often unsuspecting) among us. We're talking lectins today ...
