Instructions: Go to each of the websites indicated below. Answer the questions or complete the requested responses about each of those sites. Make sure your explanations to the answers as complete as ...

Plate Tectonics, Volcano and Earthquake Webquest

16-21. Name the three ways that volcanoes form and describe the process of formation for each.. Volcanoes can form at subduction zones where two plates collide, one being driven down into the mantle and the other riding over the top. This causes the lithospheric plate to melt and being less dense than the rock in the mantle it will rise.
