Appearance. The shadow may appear in dreams and visions in various forms and typically 'appears as a person of the same sex as that of the dreamer'. The shadow's appearance and role depend greatly on the living experience of the individual because much of the shadow develops in the individual's mind rather than simply being inherited in the collective unconscious.

Natural gems with an attractive pure green color are generally rare and pricey. Emerald is, of course, is the most valuable and popular green gem. Tsavorite garnet and chrome tourmaline also have a rich green color but they are increasingly difficult to find and have appreciated in value as a result. Then in 1988, rumors of a momentous new green gem from Russia started circulating in the trade.
