Huawei's \$105 billion business at stake after U.S. broadside. The Trump administration has said it would add Huawei Technologies and 70 affiliates to its "Entity List" - a move that will likely ban the firm from acquiring U.S. components and technology without government approval, adding another incendiary element to the U.S.-China trade war.

The meeting was tense and at one point Theresa May was visibly upset. The premier spent more than an hour in her office behind the Speaker's chair in the House of Commons, locked in discussions with a panel of the most powerful rank-and-file members of Parliament in her Conservative Party as she sought to buy time for her failing leadership so she could get her Brexit deal approved by the ...
