We've tried to make the instructions as easy to follow as possible. Most people should plan to take one full day to cut the wood, build the tower and assembly the windmill head. It

Wood Windmill DIY Tower - Outdoor Water Solutions

The prop isn't that large so I made a windmill tower that is just over 6 1/2 feet tall and all from material that can be found at the big box store. Since it is an outdoor decoration I made mine from cedar since it's a naturally rot resistant wood but a slightly cheaper alternative would be to make it from treated or untreated pine.
