Vocabulary lies at the heart of content learning. To support the development of vocabulary in the content areas, teachers need to give their students time to read widely, intentionally select words worthy of instruction, model their own word solving strategies, and provide students with opportunities to engage in collaborative conversations.

I think that this is a very good method to help students to memorize the meaning of new vocabulary. They can also use these words in various situations and dialogues with their classmates, they also can use these words in outside the class to help themselves to understand and memorize these words more and more. Working in pairs and groups is an excellent way for communicative learning.
