Words That Change Minds Mastering

A scene transition takes characters and readers to a new location, a new time, or a new point of view. Transitions can also be used to show a character's change in heart or frame of mind. Transitions are important in fiction because the writer can't possibly portray or account for every moment in a character's day, week, or life.

The 80 20 rule is one of the most helpful concepts for life and time management. Also known as the Pareto Principle, this rule suggests that 20 percent of your activities will account for 80 percent of your results. This being the case, you should change the way you set goals forever. Later, he ...

Change Resistance. Change resistance is the tendency for something to resist change even when a surprisingly large amount of force is applied. There are two forms: individual and systemic change resistance. Individual change resistance is the refusal of a social agent (a single person, organization, corporation, etc) to fully support or adopt new behavior.

Social change is an elusive concept. It is inevitable and yet, paradoxically, it depends on the will and the actions of ordinary individuals. We embrace change, yet something in our nature fiercely resists it.

Understanding Change - A Paper by Scott London

Astral Plane. A silvery void that connects the Material and Inner Planes to the Outer Planes, the astral plane is the medium through which the souls of the departed travel to the afterlife. A traveler in the Astral Plane sees the plane as a vast empty void periodically dotted with tiny motes of physical reality calved off of the countless planes it overlaps.
