Vibrant Matter A Political Ecology

Jane Bennett, *Vibrant Matter: A Political Ecology of Things* (2010) Jane Bennett, a political theorist and the celebrated author of *The Enchantment of Modern Life* (2001), is a central figure in a growing interdisciplinary cohort of scholars theorizing the power of things. In *Vibrant Matter*, Bennett develops a theory of matter that she calls vital materialism.

Jane Bennett, Vibrant Matter: A Political Ecology of ...

Environmental politics designate both the politics about the environment (see also environmental policy) and an academic field of study focused on three core components: The study of political theories and ideas related to the environment;; The examination of the environmental stances of both mainstream political parties and environmental social movements; and

Environmental politics - Wikipedia

The word “ecology” has a bad rap. Perhaps it’s because the left often uses the word as a club to beat political opponents. And as a roadblock to keep humans from “interfering with nature.”

Materialism is a form of philosophical monism which holds that matter is the fundamental substance in nature, and that all things, including mental aspects and consciousness, are results of material interactions.. In Idealism, mind and consciousness are first-order realities to which matter is subject and secondary. In philosophical materialism the converse is true.
