One of the best TV shows about physics is now on YouTube! Caltech recently announced the release on YouTube of the excellent educational TV show The Mechanical Universe, which gives an accessible but still formal approach to physics and physics history.. The show pioneered the use of technical 3D animations as a way to explain complex math and physics concepts in an accessible way.

College Park, Md. – Today, the University of Maryland launched a brand-new multimedia news and information portal, UMD Right Now, which provides members of the media and the public with real-time information on the university and its extended community. UMD Right Now replaces Newsdesk, which previously served as the university's news hub and central resource for members of the media.

UMD Right Now :: University of Maryland

From March 17th to 19th we participated with a group of students to the Collaboration Against Disinformation boot camp held in Milan. It was part of a series of summits across Europe. The summit was organised by First Draft, a non-profit organisation that supports journalists, academics, and technologists working on challenges relating to informational trust in the digital age.
