In the video games, the Master Chief is rarely seen without his armor. In-game cutscenes tease the character's face, but never reveal it; for example, at the end of Halo: Combat Evolved, the Chief removes his helmet, but camera movement hides his head. Bungie says this helps the gamer fully assume his character. At the end of Halo 4, Master Chief's eyes are briefly shown when he removes his ...

As a tall woman from a family of tall women (all 6'0" or taller), I won't lie, being tall is pretty great. You can see over other people in a crowded room, you can reach items on high shelves, and when you're a teenager, people always assume you're older than you are, so it's easy to sneak into R-rated movies.
